

The Sheraton Seattle Hotel Garage is valet-parking only (no self-park) provided on a priority basis for overnight Hotel guests at the rate of \$38.00 inclusive per day. Please note that the garage ceiling height at the Hotel garage is 6'5". Ramps to Hotel parking compress to 6' clearance. If the Sheraton Seattle Hotel garage is full, the Hotel Valet will handle directing any drive in guests to alternate lots.

Oversize vehicles for arriving overnight guests cannot be accommodated in the Hotel Garage. Our Valet Staff will assist you with off-site parking at the garage at the Washington Athletic Club (nearby the Hotel). The WAC garage clearance is 7'. 24-hour parking is available at the rate of \$40.00 per day with in/out privileges. This rate is subject to change without notice to the Hotel. Parking at the WAC is on a first-come, first-served basis and the Hotel has no special arrangements with this garage for priority Hotel guest parking.

Guests coming to the Hotel who are not overnight guests (daily drive-in), when our garage is full, are directed to utilize any of the self-park garages in the area surrounding the Hotel at public rates at each garage. The Washington State Convention and Trade Center (garage entrance 8th Avenue – turn right off Pike Street) provides daily parking to the public. Metro Transit is also encouraged as an option.

For those groups who have contracted for event or shuttle bus transportation during the conference, note that the Hotel must be notified of any bus pickup/load intended at the Hotel. The Hotel's official charter bus zone for group pickups is located along Union Street (south side of Hotel). If you have questions regarding bus zone availability at the Hotel, please contact your Hotel representative for detailed information.

Thank you.
